HECTOR OSUNA

SENIOR DIGITAL & VISUAL DESIGNER | WEB, UI & BRAND EXPERIENCES

Dallas–Fort Worth, TX | Open to relocation | hosuna23@gmail.com | hectorosunadesign.com

PROFESSIONAL SUMMARY

Senior digital and visual designer with 10+ years of experience creating responsive web experiences, brand systems, and digital campaigns for enterprise and consumer audiences. Design page layouts and reusable UI components in Figma, collaborate with developers through handoff, and translate business and vendor requirements into consistent experiences. Blend visual craft, information architecture, and analytics-informed iteration with measurable marketing and website outcomes.

CORE EXPERTISE

Responsive Web & UI Design • Figma Components & Prototyping • Digital Brand Systems • Visual Design & Art Direction • Information Architecture • Developer Handoff • Landing Pages & Conversion Design • Cross-functional Collaboration • Analytics & Heatmaps

PROFESSIONAL EXPERIENCE

Senior Digital & UI Designer (contract; functional role) | *NTT DATA, assigned to ADI Global Distribution / Resideo* | *May 2024–Present*

- Design responsive vendor brand-page layouts and reusable UI components in Figma, with desktop, tablet, and mobile variants for ADI's e-commerce experience.
- Collaborate with developers, marketing partners, and vendors on page hierarchy, creative briefs, asset requirements, design reviews, and production handoff.
- Develop image specifications, intake guidance, and component documentation to improve consistency and streamline digital production.
- Use visual hierarchy, information architecture, and analytics-informed recommendations to improve navigation and presentation of product content.

Senior Graphic & UI Designer (Contract) | *Caliber* | *Feb 2024–May 2024*

- Designed landing pages and digital campaign assets; reported results included 45% higher engagement and 20% more customer interaction.
- Led creative direction and review workflows across three lines of business, collaborating with senior marketing stakeholders.
- Developed color and brand guidelines for Auto Care, Collision, Auto Glass, and technician-training initiatives.

Senior Graphic Web Designer | *ADI Global Distribution* | *Oct 2021–Aug 2023*

- Designed responsive landing pages and interactive web elements; reported landing-page engagement increased 25%.
- Improved layout, content hierarchy, and usability; reported a 55% lower bounce rate and 15% higher user satisfaction.
- Collaborated with cross-functional teams to maintain digital components and consistent visual standards across marketing touchpoints.

Senior Graphic Web Designer / Digital Marketing Specialist | *CareerStaff Unlimited* | *Jan 2021–Oct 2021*

- Led website redesign planning, including audience paths, information architecture, wireframes, and clickable prototypes.
- Improved page performance, reducing load time by 80%; designed an RFP landing page associated with two new client accounts.

Senior Graphic & Web Designer | *Working Solutions* | *Jun 2015–Jan 2021*

- Led visual and digital design for a company rebrand recognized by REBRAND® 100, including identity, B2B website, and presentation systems.
- Used website analytics and heatmaps to improve content organization; reported 26% more traffic, 87% greater searchability, and 338% growth in organic traffic.
